ABOUT US

We're a **family run business** that was founded in **1995!**

With 30 years of experience in the marquee and event world, the business has grown year-on-year and the range of what we can offer has too!

We have a wide range of marquees to choose from and whether it's a small garden event or a large scale corporate party, we have something for every option.

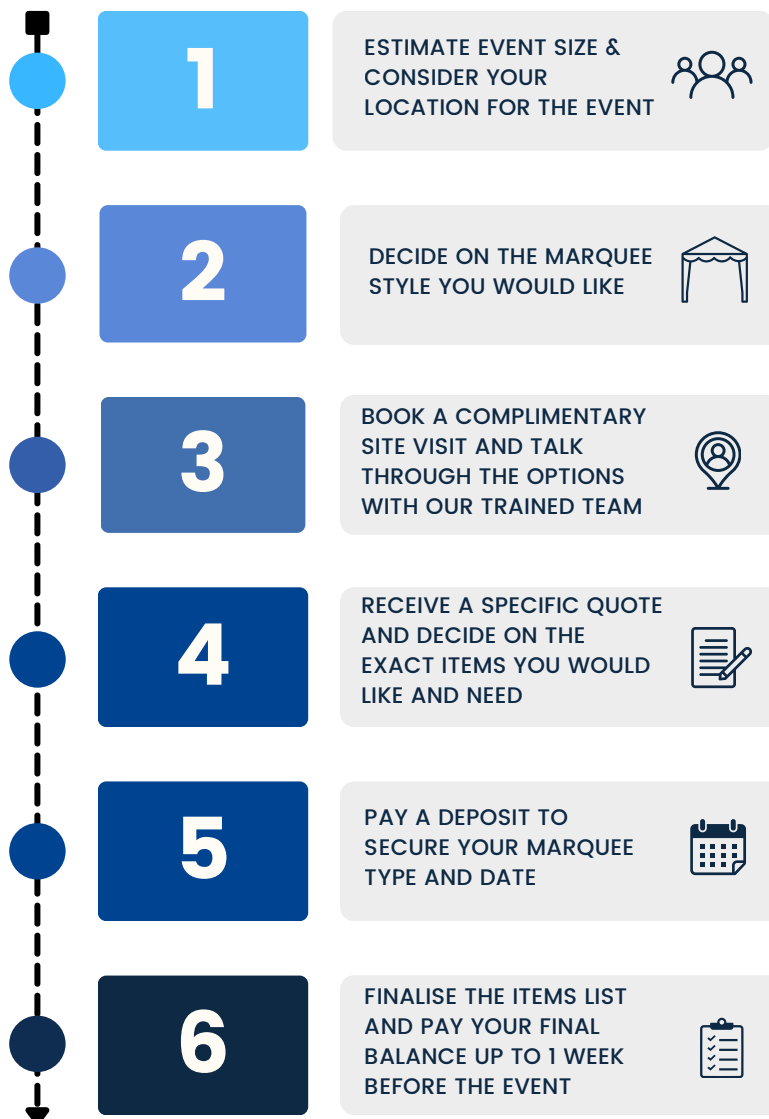

The 'one-stop-shop' is a philosophy we have developed. We've continually invested in marquee structures and ancillary products such as our own luxury toilets, generators, furniture, dance floors and lighting.

Keeping all of our equipment and stock in-house has enabled us to keep control of the quality, which has been a significant part of the Tents & Events growth strategy and success.

Our main business is still marquee hire and furniture hire is another significant part of our business. We have over 4,000 chairs in stock in varying styles so we can cope with events that might need 600 chairs in one colour, for instance.

OUR PROCESS

OUR MARQUEES

PAGODAS

Our smallest of our range, our pagodas are fantastic on their own or joined together onto a marquee for that extra wow factor.

STAGES

The perfect feature for any event, whether its stand alone or attached.

CLEARSPAN

The most modern and adaptable of our range, our Clearspan frame Marquees come in widths of 3m, 6m, 9m, 12m and 15m and can be as long as required.

RADIAL

Our radial marquees offer a bespoke setting for your venue, bending the marquee through 90 degrees whilst maintaining full apex height.

AURORA SAILCLOTH

Aurora is a sheer top tension tent featuring traditional spruce poles supporting different height peaks within the roof.

CURVED

Our curved marquee is our luxury corporate offering, adding a touch of premium to any showcase, launch or event.

TRADITIONAL

Our Traditional Marquee, also known as a petal pole marquee, typically has a distinctive interior design characterised by a central pole structure that supports the tent's roof.

PRICE LIST

PAGODAS

Dance Floors

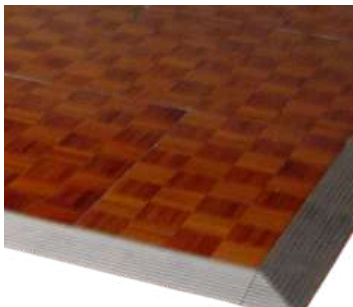

Dance floors offer you and your guests a nice safe space to get those feet tapping and stomping away to the sound of the music!

Having a designated dance floor area provides a better flow to an area and creates zones within a bigger area!

Size

The size of the dance floor is completely up to you and what your space allows!

This can be as big or as little as you like!
